

# Certification Requirements

Portfolio items for Comprehensive eMINTS teachers include the following:

- a complete WebQuest with two or three student products/artifacts that were created as a result of the WebQuest being taught.
- a complete lesson or unit plan for any subject area with two or three student products/artifacts that were created as a result of the lesson or unit plan being taught.
- the URL for the teacher's classroom website.

Please remove all personally identifiable information on student products/artifacts (names, school, grade, etc.) Your trainer will provide you with more information on how to submit the student products/artifacts electronically as the year progresses.
